

MEDINI K. ANNAVAJHALA, MS, PhD

Date of Preparation: June 1, 2020

Academic Appointments and Other Work Experience

12/2018 – Present	Infectious Disease Division, Columbia University <i>Postdoctoral Research Fellow</i>	New York, NY
06/2017 – 11/2018	Infectious Disease Division, Columbia University <i>Postdoctoral Research Scientist</i>	New York, NY
08/2012 – 05/2017	Dept. of Earth and Environ. Eng., Columbia University <i>Graduate Research Assistant</i>	New York, NY
10/2010 – 05/2012	Dept. of Chemistry, Carnegie Mellon University <i>Undergraduate Research Assistant</i>	Pittsburgh, PA
06/2010 – 08/2010	Proctor & Gamble, Home Care Research & Development <i>Products Research Intern</i>	Cincinnati, OH

Education

08/2012 – 05/2017	Columbia University, School of Engineering and Applied Sciences Department of Earth and Environmental Engineering MS, May 2014 PhD, May 2017 <i>Sponsor: Dr. Kartik Chandran</i> <i>Thesis: "Meta-omics-derived structure, function, and activity of mixed microbial communities driving biological nutrient removal and recovery"</i>	New York, NY New York, NY
08/2008-12/2011	Carnegie Mellon University, Mellon College of Science Department of Biological Sciences & Department of Philosophy BS, December 2011	Pittsburgh, PA

Honors and Awards

2019	Up-Goer Five Thing Symposium, ASM Microbe 2019 <i>Science communication symposium where two teams presented research abstracts using only 1,000 most commonly used words in English. I was on the winning team (Team People Still Learning) and won both team MVP and best phrase substitution based on audience voting.</i>
2019	Outstanding Abstract Award, ASM Microbe 2019
2018	Conference Participation Grant, International Microbiome in HIV Workshop
2017	Herbert H. Kellogg Fellowship, Columbia School of Engineering and Applied Sciences <i>Recognizing distinguished ability as a teaching assistant</i>
2012 – 2016	Presidential Fellowship, Columbia School of Engineering and Applied Sciences <i>Selected by a panel of SEAS faculty for the distinguished Presidential Fellowship as an incoming MS/PhD candidate due to "outstanding potential for graduate</i>

MEDINI K. ANNAVAJHALA, MS, PhD

research and training.” The fellowship provided full financial support to pursue my doctoral research with intellectual freedom in any field within SEAS.

2014 – 2015 International Fellows Program, Columbia School of International and Public Affairs

Selected as part of an exclusive multidisciplinary group of 30 students to participate in discussions on the role of the US in international affairs.

2012 Phi Beta Kappa Honors Society induction, Carnegie Mellon University

2012 Phi Kappa Phi Honors Society induction, Carnegie Mellon University

2012 University Honors, Carnegie Mellon University

2012 Mellon College of Science Honors, Carnegie Mellon University

2012 Outstanding Undergraduate Research, Carnegie Mellon University

2012 Outstanding Academic Achievement, Carnegie Mellon University

2008 – 2011 Science & Humanities Scholar, Carnegie Mellon University

Academic & Public Service

2019 Workshop Instructor, Biotech without Borders New York, NY

Created and taught a 2.5-hour workshop, “Genomics in the human body: host genetics and the gut microbiome,” at the community biotech lab open to the public, covering whole-exome data analysis to identify potentially pathogenic variants and metagenomics of the gut microbiome.

2019 Supervisory Scientist, Blueprint Earth Mojave National Preserve, CA

I was selected by the non-profit organization Blueprint Earth to serve as a Supervisory Scientist in Hydrology for a 5-day field expedition in the Mojave National Preserve. The mission of Blueprint Earth is to catalog unique ecosystems through atmospheric, geological, hydrological, zoological, and botanical testing in order to better understand complex systems-level interactions in the natural environment. I designed a protocol for sampling, culturing, and sequencing of bacteria in water sources around the study area and helped supervise 12 undergraduate and post-graduate students during the trip, providing them with hands-on experience in field research.

2014 – 2015 Water Programs Officer, FACE Africa Rivercess, Liberia; New York, NY

In my role on the Executive Board of the grassroots non-profit organization FACE Africa, I oversaw planning and implementation of clean drinking water and sanitation facilities in Rivercess County, Liberia. My responsibilities included the selection of appropriate project sites based on local public health need and engineering considerations; oversight of project implementation by local teams; management of up to \$100,000 grants; and reporting to governmental agencies and donors.

2010 – 2012 Biology Outreach Programs Pittsburgh, PA

Introduced local high school students to biology laboratory practices through the Carnegie Mellon University Department of Biological Sciences.

2009 – 2011 AmeriCorps Scholar in Service Pittsburgh, PA

Selected as the Community Service Intern at Carnegie Mellon University through AmeriCorps. I networked with local non-profit organizations and organized targeted local service experiences for all campus student groups.

Professional Organizations and Societies

Memberships

2019 – Present	Association for Clinical and Translational Science (ACTS)
2018 – Present	American Society of Microbiology
2016 – Present	American Association for the Advancement of Science (AAAS)
2016 – Present	Water Environment Federation (WEF)
2016 – Present	NY Water Environment Association (NYWEA)

Ad hoc Reviewer

2019	<i>mSphere, Journal of Global Antimicrobial Resistance</i>
2017	<i>Environmental Science & Technology</i>
2016	<i>Chemical Engineering Journal</i>

Fellowship and Grant Support

Current Support

12/2018 – 12/2020	TRANSFORM TL1, Irving Institute for Clinical and Translational Research Columbia University Irving Medical Center; Role: Postdoctoral Fellow “Microbial metagenomic pathways contributing to chronic inflammation in patients with HIV.”
-------------------	--

Past Support

2011	Howard Hughes Medical Institute (HHMI) Researcher Grant
2011	Howard Hughes Medical Institute (HHMI) Small Undergraduate Research Grant (SURG)

Teaching Experience and Responsibilities

06/2017 – Present	Microbiome Working Group Research seminar series <i>Organize monthly educational conferences on topics of microbiome research at Columbia University Medical Center</i>	New York, NY
09/2016 – 12/2016	Dept. of Earth and Environ. Eng., Columbia University <i>Teaching Assistant, Aquatic Chemistry</i>	New York, NY
01/2012 – 05/2012	Dept. of Biological Sciences, Carnegie Mellon University <i>Teaching Assistant, Experimental Techniques in Molecular Biology</i>	Pittsburgh, PA
09/2011 – 12/2011	Dept. of Biological Sciences, Carnegie Mellon University <i>Teaching Assistant, Experimental Biochemistry</i>	Pittsburgh, PA
08/2010 – 12/2010	Dept. of Philosophy, Carnegie Mellon University <i>Teaching Assistant, Ethical Judgments in Professional Life</i>	Pittsburgh, PA
